Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Customs Satellite Inspection, Holding and Secured Sterile Facility Area (CSIHSSF) Construction Project in fiscal year 2024.

The entity to receive funding for this project is Guam Customs and Quarantine Agency, located at 770 East Sunset Blvd. Ste. 250 Tiyan, Guam 96913.

The funding would be used for A&E Design of a new CSIHSSF. The project is an appropriate use of taxpayer funds because this helps protect an American port in the western Pacific from threats including drug smuggling, illegal immigration, agricultural hazards, and threats entering the United States from China.

The project has a Federal nexus because the funding provided is for purposes authorized by 46 USC 54301.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

James Moylan

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Expanded Access to Airport Facilities Project in fiscal year 2024. The entity to receive funding for this project is The A.B. Won Pat International Airport Authority, Guam, located at P.O. Box 8770 Tamuning GU 96931.

The funding would be used to provide expanded access for individuals with disabilities. The project is an appropriate use of taxpayer funds because Won Pat Int. Airport is an important regional airport, which is utilized daily by military personnel, their dependents, and other civilians who are traveling to the western pacific and military bases on Guam.

The project has a Federal nexus because the funding provided is for purposes authorized by 49 U.S.C. 47100 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Guam Fire Department SCBA Procurement project in fiscal year 2024.

The entity to receive funding for this project is Guam Fire Department, located at Suite 1001, DNA Building, Hagatna, Guam 96932. The funding would be used for the purchase of safety equipment required by rural firefighters.

The project is an appropriate use of taxpayer funds because beyond serving the civilian population of Guam, the Guam Fire Department is an important component in ensuring that the 6,000+ active-duty military personnel and their families can live safely on the island. As a rural island community Guam has few options to seek outside assistance in times of disaster. Insufficiently equipping first responders on Guam could grind the island to a halt in times of crisis and prevent activities of national interest from continuing, including military readiness to counter China, trade/transportation, and border security.

This project has a Federal nexus because it is for the purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Design for Fire Alarm/Fire Suppression System Project in fiscal year 2024. The entity to receive funding for this project is The A.B. Won Pat International Airport Authority, Guam, located at P.O. Box 8770 Tamuning GU 96931.

The funding would be used to improve the airport's fire suppression and fire alarm systems, creating a safer transit system for the western pacific. The project is an appropriate use of taxpayer funds because Won Pat Int. Airport is an important regional airport, which is utilized daily by military personnel, their dependents, and other civilians who are traveling to the western pacific and military bases on Guam.

The project has a Federal nexus because the funding provided is for purposes authorized by 49 U.S.C. 47100 et seq.
